

Vacancy Service Employee Clipper Stad Amsterdam from 15 June 2010

The Ship

The Clipper Stad Amsterdam was built at the initiative of Randstad and the municipality of Amsterdam. The ship is registered under the Dutch flag, as passenger ship. She has authentic square rigging and a pointed bow. On the 60-meter long, wooden deck, the passengers can enjoy the towering rigging, impressive yards and endless quantities of rope.

The ship has 14 luxury cabins, a spacious dining room (for dinners and presentations) and an open air bar. The Stad Amsterdam can be privately booked for business events, luxury cruises and adventurous sailing trips.

The total crew is made up of 27 experienced yachtsmen. The captain supervises the crew together with three or four officers. The nautical crew (hoisting sails, navigation, etc.) is the largest and the hospitality crew varies per event.
